Hello Students,

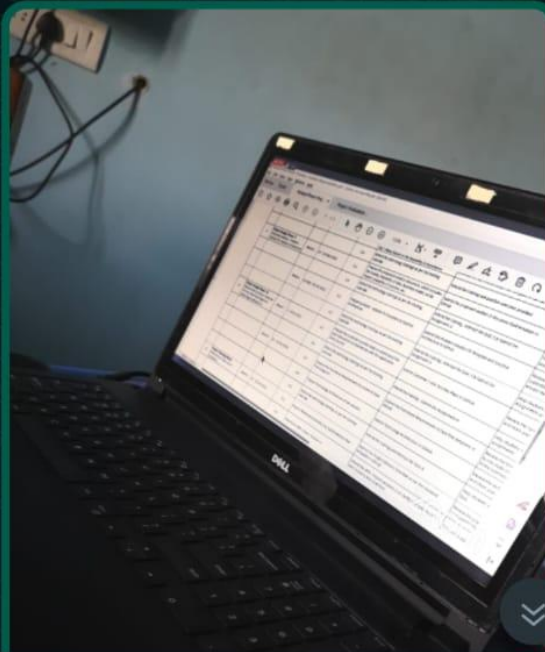

Greetings from IBM!!

As we have noticed many teams are facing issues in submitting the files in GitHub and unaware of the information of templates.

We are organizing a session **today** i.e., **16 Oct 2022 at 02:00 PM** (This is the only time where we can address all students) to help the students in understanding the project structure, project timelines, and procedure to submit the files in gitrepo.
